

**Industry Outreach Announcement:
Ala Wai Canal Bicycle & Pedestrian Bridge Project
DESIGN-BUILDER
Procurement**

THE CITY AND COUNTY OF HONOLULU (CCH) DEPARTMENT OF TRANSPORTATION SERVICES (DTS) IS ANNOUNCING ITS INTENT TO PROCURE DESIGN-BUILD SERVICES AND AWARD AN ASSOCIATED DESIGN-BUILDER CONTRACT FOR THE ALA WAI BICYCLE & PEDESTRIAN BRIDGE PROJECT.

CCH DTS, in partnership with the Federal Highway Administration – Hawaii Division, and the State of Hawaii Department of Transportation – Highways, by way of this Industry Announcement, is advising interested parties of a design-build project opportunity. This procurement will be for the design *and* construction of a new bicycle and pedestrian bridge across the Ala Wai Canal, connecting the Waikīkī, McCully, and Mō‘ili‘ili neighborhoods. The Project will be delivered using a traditionally-funded design-build approach.

Offers will be evaluated with a “best value” selection process with two major steps:

- 1) Request for Qualifications (RFP Part 1), Late 2023: Responses to the RFQ will be evaluated to establish a shortlist of Priority-Listed Offerors.
- 2) Request for Proposals (RFP Part 2), Early 2024 – Priority-Listed Offerors will be invited to submit best-value technical and pricing proposals, meeting specific Federal, State, and local requirements.

A virtual Industry Outreach Meeting will be held on Wednesday, November 1, 2023 at 10:00 am HST. To sign up to attend the Industry Outreach Meeting, please register via this link:

<https://us02web.zoom.us/meeting/register/tZYrc-ugpzlqG9VLxyBfB5C1tWQPLaHjXSHm>

The anticipated date of the project award is June 28, 2024.

Note:

- ❖ A stipend will be available to priority-listed offerors who submit technically responsive proposals and are not awarded the Design-Builder contract.
- ❖ Contractors not currently licensed in the State of Hawai‘i or intending on forming Joint Venture design-build teams for this opportunity should prepare and submit Joint Venture applications to the State Licensing Board as soon as possible.
- ❖ DTS notes that the NEPA process is ongoing and that an alternative has not been selected. DTS anticipates the issuance of a Finding of No Significant Impact (FONSI) in Early 2024.
